

Smoke Outlook

Central Oregon Cedar Creek Fire

9/03 - 9/04

Issued by Wildland Fire Air Quality Response Program on September 03, 2022 at 08:30 AM PDT

Fire

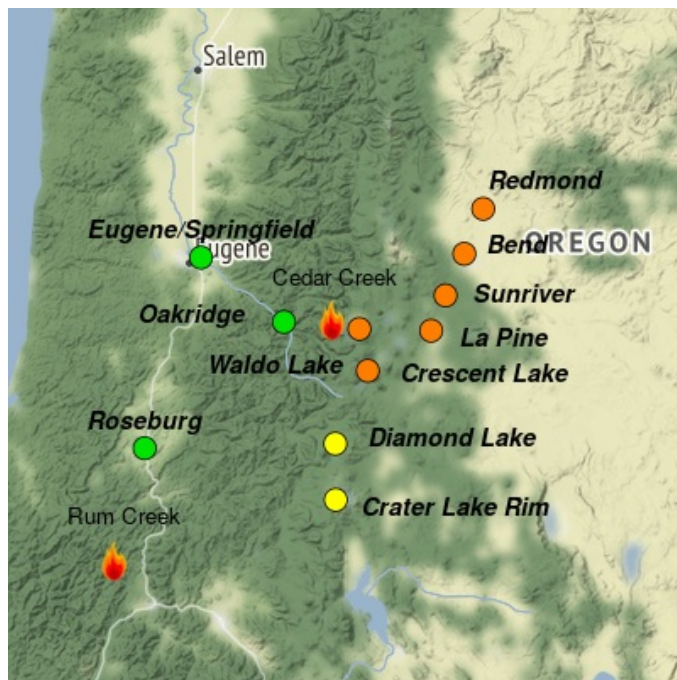

The Cedar Creek Fire in Central Oregon is 16,304 acres with 12% containment. The fire grew 7105 acres yesterday. We are expecting some decrease in fire activity today, with cooler temperatures and increased relative humidity values. For additional information on the fires, see [Cedar Creek Fire](#), and [Rum Creek Fire](#)

Smoke

Areas east of the Cedar Creek fire will have the greatest smoke impacts today with La Pine, Sunriver and Bend in the unhealthy range this morning. Oakridge will have good air quality today, but smoke impacts will increase tonight. Waldo Lake will see unhealthy to USG levels of smoke today through tomorrow.

Health and Safety Message

Learn the air quality index numbers and colors during periods of poor air quality, get air quality alerts, note the numbers and colors of air quality monitors, and know when to limit your time outdoors. For real time information see Fire.airnow.gov, oakridgeair.org, and LRAPA - Today's Current Air Quality.
