

Smoke Outlook

Central Oregon Cedar Creek Fire

9/09 - 9/10

Issued by Wildland Fire Air Quality Response Program on September 09, 2022 at 08:27 AM PDT

Special Statement

Red Flag Warning today through Saturday for strong east winds and low relative humidity. 3 Day smoke outlook available at: <https://outlooks.airfire.org/outlook/7f95b6c6?preview=true>

Fire

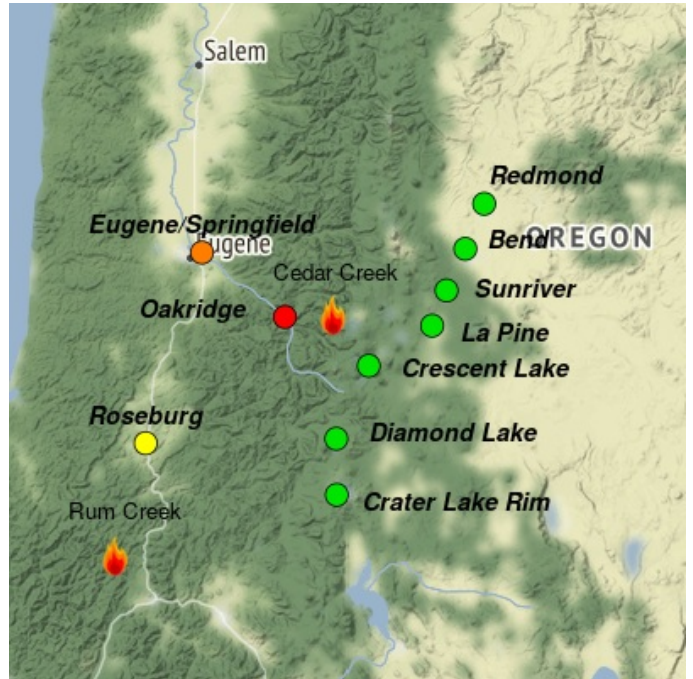

The Cedar Creek Fire in Central Oregon is 33,099 acres with 12% containment. The fire grew 1,613 acres over the past 24 hours. We are expecting very active fire activity today, with hotter temperatures, strong east winds and low relative humidity values.

Smoke

Areas west of the Cedar Creek fire will have the greatest impacts today, including Oakridge and the Eugene/Springfield area. Oakridge will see USG to unhealthy air quality today, with periods of very unhealthy possible. The Eugene/Springfield area will see decreasing air quality through the afternoon hours, as the east winds bring smoke into the area.

Health and Safety Message

Please remember to check with your doctor if you're feeling effects from the smoke such as chest tightness or difficulty breathing. Do you know how to check your local air quality? Try out the map at fire.airnow.gov for current conditions. For real time information see Fire.airnow.gov, oakridgeair.org, and LRAPA - Today's Current Air Quality.
